3. [REDACTED] approached me to ask for help in regard to approaching [REDACTED] and possibly eventually [REDACTED] for Project [REDACTED]. I informed him that operational support by either of these services would, in my opinion, eventuate in an interrogation to the intelligence organizations of those services as to the bona fides of the requirements for Project [REDACTED]. Since I was not aware of the status of such requirements, I checked with TSS and OSI who were knowledgeable of [REDACTED] and the USIB. It is my understanding that [REDACTED] and TSS are working with [REDACTED] in dealing with the services on this question.
